Town of Bowden Utility Bills / Property Tax – Penalty Fees

1 Utility Billing

At the April 13th, 2020 Regular Council Meeting, Bowden Town Council approved waiving late penalty fees on overdue utility payments.

This measure remains effective until 30th August.

Please note that any overdue amounts on your utility account that remain outstanding after 8th September (the payment due date for all utility balances for services provided up until the end of August) will be subject to late payment fees.

Late payment fees of 8% will therefore be applied on the September utility bill for all overdue utility accounts.

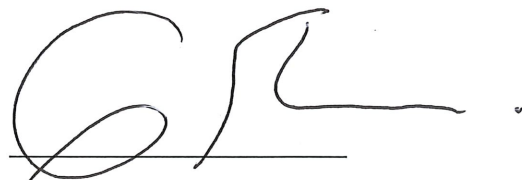

Please note that the measures implemented by Bowden Town Council relate to the suspension of late penalty fees only and that Town residents are required to pay for all water consumed and for the wastewater and garbage collection services provided.

2 Property Taxes

At the May 11th, 2020 Regular Council Meeting, Bowden Town Council approved to postpone the penalty date for late payment of property taxes until 1st September.

All 2020 Property Taxes are therefore due for payment by 31st August.

Any overdue amounts after this date will incur a 15% penalty, effective 1st September.
