

## **Candidate Bio - Laurie Miller**

I have proudly called Bowden home since 2017, but my connection to this community goes back much further. Since the 1980s, I have had strong ties here through lifelong friends and years of employment at the nearby Penitentiary.

Those relationships and experiences give me a deep appreciation for the values, traditions, and spirit that make Bowden such a special place to live.

Although I am new to politics, I bring a wide variety of work experience, adaptability, and a proven ability to learn quickly. I believe these qualities are essential for thoughtful leadership. I am committed to carefully analyzing policy and procedure to ensure that decisions are fair, practical, and in the long-term interest of our town.

I believe that strong leadership in Bowden begins with listening, learning, and working together.
