6.b Urban Hen Pilot Program

Background

Following a presentation to Council by resident Katie Smith on September 11th, 2023, Town Administration in conjunction with Ms. Smith have worked together to develop a pilot program for the keeping of urban hens.

At the Regular Council Meeting held on January 8, 2024, Council directed Administration to produce a draft program for Council's consideration.

A proposal document was submitted to Council during the RCM of January 22, 2024.

Council reviewed the proposal document and requested that Administration provide clarification on:

- the number of hens allowed per application,
- ii. inclusion of terms with regard to permission obtained from neighbouring properties.

A motion was passed as follows: moved by Councillor Paul Webb that Administration incorporates the changes requested by Council and resubmit at a later date a formal licencing agreement document and application form for the program for Council's further review and consideration.

Current

Administration now submits to Council the following draft documents for approval:

- i. the Urban Hen Pilot Program Agreement,
- ii. the Urban Hen Licence Application Form.

These documents formalise the process for the introduction of an urban hen pilot programme.

The requirements and restrictions would apply to all participants in the pilot program (max of 4 in total).

Recommendation

Administration recommends that Council approve an Urban Hen Plot Program to be implemented in accordance with the perms and conditions outline in the attached documentation.

The start date for the 12-month term for the pilot program will be determined once all the licencing and preliminary work is complete.

Business Arising

Recommended Motion

Motion by Councillor ______ that Council approves the introduction of an Urban Hen Pilot Program to be run for a period of one year in accordance with the terms and conditions set out within the Urban Hen Pilot Program Agreement and the Urban Hen Licence Application Form, as submitted to Council, with a start date to commence sometime in 2024 (tbc) subject to all of the:

- i. licencing conditions being met,
- ii. preliminary program administrative tasks being completed and implemented.

6.c Motion 8.b Negative Motions re: Motion 8.b RCM 22 January 2024

Mayor Robb Stuart has requested that Administration raise the matter of "negative motions".

Background

The following is reproduced from the minutes of the RCM of 22 January 2024.

Agenda item 8.d Alberta Mid Sized Towns Mayors' Caucus (new agenda item)
Mayor Robb Stuart provided Council with the Terms of Reference for the Alberta Mid Sized
Towns Mayors' Caucus.

Council discussed the merits for and against becoming a partner in the venture.

Motion 8.b

Moved by Councillor Randy Brown that the Town of Bowden no longer participates in the venture and does not become a member of the Alberta Mid Sized Towns Mayors' Caucus.

MOTION CARRIED

Matter for Discussion

According to Roberts Rules of Order:

- i. a motion is, "a statement that describes an action or a decision",
- ii. a basic rule for using motions is that positive (action) motions are permitted (not negative). An exception to this rule is when a governing body is asked to act on a request and wishes to create a record as to why the denial is justified.

Administration has conducted research on this matter – the following observations are noted.

- The MGA makes little reference to procedural bylaws and agenda. Section 145 of the MGA states that, "a council may by bylaw establish the procedures to be followed by council". (This is a not a legal requirement but best practice).
- Zero There is no term within the Council Procedural Bylaw that makes reference to "negative motions".
- The Alberta Government Procedure Bylaw & Agenda Guide makes no reference to "negative motions". There is however a statement that reads, "Your procedural bylaw may include reference to Roberts Rules of Order to adjudicate matters which are not otherwise addressed within the bylaw of the MGA".

Business Arising

4

Section 4.4 of the Council Procedural Bylaw states that the "precedent of rules governing the procedure of meetings is:

- i. the Municipal Government Act of Alberta, RSA 2000 Chapter M-26 (as amended over time)
- ii. any other applicable legislation or enactment
- iii. this Bylaw and the Councillor Code of Conduct Bylaw
- iv. Roberts Rules of Order (at the discretion of the chair)".

5

The Government of Canada House of Commons Procedure & Practice Guide states, "It is customary for motions to be expressed in the affirmative. A motion should not contain any objectionable or irregular wording. It should neither be argumentative nor in the style of a speech".

Revised Motion

Administration suggests that Council may wish to debate and make a revised motion regarding the matter of further participation in the Alberta Mid Sized Towns Mayor's Caucus.

A recommended motion is provided below.

Recommended Motion:

Revised motion with respect to motion 8.b of the RCM of January 22, 2024: moved by Councillor that the invitation to further participate in the Alberta Mid Sized Towns Mayor's Caucus is respectfully denied.

An alternative motion is provided below.

Data Tables

Methodology

- Survey questions were administered through the TrendWatch Alberta Omnibus Survey between August 29 and September 12,
- Trend Watch Alberta is a monthly omnibus survey of 900 Albertans, ages 18 and over. The margin of error for a probability sample of 900 people is plus or minus 3.3 percentage points, 19 times out of 20 (i.e., at a 95% confidence interval).

Survey Design

- Survey respondents were initially contacted at random by live telephone interviewers and given the option of:
- answering the survey over telephone at that time,
- answering over the telephone at a more convenient time, or
- receiving the link and answering the survey online.
- The initial sample list contained approximately 50 percent landlines and 50 percent cellphones.
- Interviewers made up to five attempts to reach each phone number in the sample before classifying it as unreachable.

Interviews

- All surveys were conducted by qualified interviewers working out of Trend Research's centralized CATI facility in Edmonton. Field supervisors were always present to ensure accurate interviewing and recording of responses.
- The interviewing staff at Trend receives extensive training on the proper administration of interviews and are closely monitored by supervisors. A minimum of 10 percent of each interviewer's work was unobtrusively monitored for quality control in accordance with the standards set out by the Canadian Research Insights Council (CRIC).

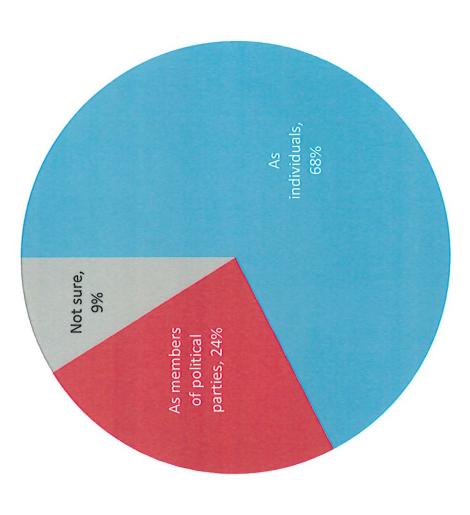

Survey Findings

Party Affiliation in Municipal Elections

Survey respondents were reminded that most candidates who run in federal and provincial elections in Canada represent political parties, but this is not the case in municipal elections. They were then asked if they would prefer to see municipal candidates continue to run as individuals, or as members of a political party.

More than two in three Albertans (68%) would prefer to see municipal candidates run as individuals. One in four (24%) would prefer to see them run as members of a political party, and nine per cent are unsure.

Those with a post graduate education are particularly likely prefer to see candidates run as individuals (77%).

In federal and provincial elections in Canada, most of the candidates who run represent a political party. In municipal elections in Alberta, candidates run as individuals, not members of political parties. In your view, would you prefer to see municipal candidates where you live run...?

Agreement with Statements

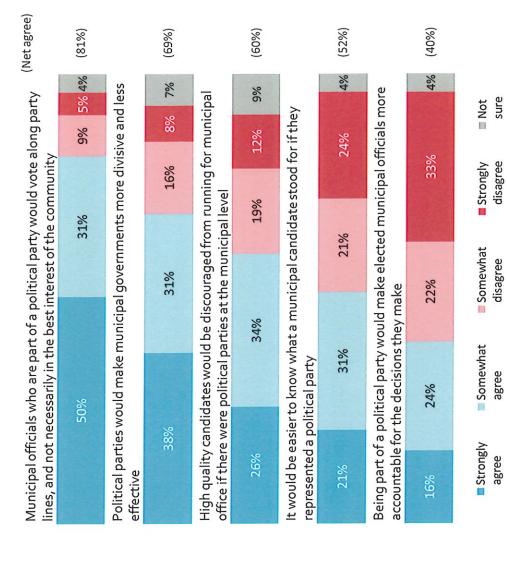

In order to gain a better understanding of why people do or do not support the introduction of political parties in municipal politics, survey respondents were presented with five statements and asked the extent to which they agree or disagree with each.

An overwhelming majority of Albertans (81%) agree that, if political parties are introduced into municipal elections, "municipal officials who are part of a political party would vote along party lines, and not necessarily in the best interest of the community" (including 50 per cent who strongly agree).

Most Albertans also agree that "political parties would make municipal governments more divisive and less effective" (69%), and that "high quality candidates would be discouraged from running for municipal office if there were political parties at the municipal level" (60%).

Albertans are divided on whether "it would be easier to know what a municipal candidate stood for if they represented a political party" (52%).

Finally, Albertans tend to disagree that "being part of a political party would make elected municipal officials more accountable for the decisions they make" (40%).

Please indicate your agreement or disagreement with each of the following statements about introducing political parties into Alberta municipal elections.

Agreement with Statements

Those who prefer to see municipal candidates continue to run as individuals are particularly likely to agree that independents would be more likely to work in the best interest of the community (92%), parties would make municipal government more divisive (82%), and high quality candidates would be discouraged from running if there were political parties (73%).

Those who would prefer to see municipal candidates run as members of political parties are particularly likely to agree that it would be easier to know what a municipal candidate stood for if they represented a party (87%), and that being part of the party would make them more accountable (79%).

Also noteworthy is that those with a high school education or less are particularly likely to agree that it would be easier it would be easier to know what a municipal candidate stood for if they represented a party (67%), and that being part of the party would make them more accountable (52%).

Financial – 2024 Operating Budget

Special Council Meeting: February 20, 2024	Agenda Item: 9.a
Prepared by: Arno Glover	Approved By: CAO
Report Type: RFD	Attachment(s): 1. Draft 6 – 2024 Operating Budget

Agenda item 9.a Operating Budget

Administration provides Council with the sixth draft of the 2024 Operating Budget for the purpose of further discussion and review.

(i) Legislative Responsibility

Section 242 (1) of the Municipal Government Act states that "each council must adopt an operating budget for each calendar year by January 1 of that calendar year".

Note: the part of the enactment underlined above is an amendment to the MGA introduced in 2022.

Section 243 (1) of the Municipal Government Act states "that the operating budget must include any estimate of the:

- i. amount to be transferred to reserves,
- ii. amount to be transferred to the capital budget,
- iii. amount and source needed to transfer funds to recover any shortfall (deficit) in the budget".

Motion passed during SCM of December 15, 2023.

Motion 3.b moved by Councillor Paul Webb that Council adopts a 2024 Interim Operating Budget based on the 2023 Operating Budget until such time as the 2024 Operating Budget is passed by Council.

Motion passed during RCM of January 22, 2024.

Motion 9.a moved by Councillor Paul Webb that Council directs Administration to make amendments to the draft 2024 Operating Budget as requested namely to:

- i. incorporate a \$5000.00 budget per Councillor for professional development,
- ii. incorporate a \$7500.00 budget for the Mayor for professional development,

and to incorporate further additional amendments as discussed and requested.

(ii) Background

The operating budget is a statement of forecast revenues and expenditures that sets (amongst other things) spending limits on the programs and services the municipality will offer.

The first draft of the 2024 Operating Budget was presented to Council at the RCM of 14 November and provided an operating deficit of \$7,204.14.

The second draft of the 2024 Operating Budget was presented to Council at the RCM of 27 November and provided an operating deficit of \$50,220.54.

The third draft of the 2024 Operating Budget was presented to Council at the SCM of 19 December and provided an operating deficit of \$21,760.54.

Financial – 2024 Operating Budget

The fourth draft of the 2024 Operating Budget was presented to Council at the RCM of 8 January and provided an operating surplus of \$39,957.91.

The fifth draft of the 2024 Operating Budget was presented to Council at the RCM of 22 January with provided an operating surplus of \$48,457.91.

The sixth draft of the 2024 Operating Budget is now presented to Council with an operating surplus of \$37752.71.

The operating budget must be balanced (to zero) either by contributing to reserves and / or by making adjustments to revenues and expenditures during final budget deliberations.

(iii) Changes made (version 5 to version 6)

Changes made to the previous operating budget to produce draft version 6 are as follows:

The cost centre "Council Expenditures" has been revised to present these costs in more easily understandable segments as follows:

Council Expenditures - Council Honorariums & Per Diems

This budget line is revised to include now only:

- a) base honorariums for all elected officials,
- b) the "per diem" meeting attendance allowance based on regular council meetings (2 per month) and an estimate of other meetings (5 per month) to include special council meetings / council committee meetings, open house events etc.

Included within this draft of the Operating Budget is a 4% COLA increase in both the monthly base honorarium and the per diem \$ meeting rate for all elected officials.

Council Expenditures – Training & Development

This budget line provides \$7000.00 for all elected officials to cover the cost of attending in house events such as Strategic Planning meetings, Councillor Orientation meetings etc.

Council Expenditures - Professional Development

This new budget line total of \$37500.00 satisfies the requirement of motion 9.b made during the RCM of 22 January and provides the sum of \$7500.00 for the Mayor and \$5000.00 per Councillor per annum for professional development.

This includes items such as convention attendance, workshop activities etc.

Council Expenditures – Membership Dues

This budget line total of \$2600.00 provides for the annual membership subscription for Alberta Munis.

Collectively the impact of the above changes to Council Expenditures within the budget is an increase of \$5155.20 (version 5 to version 6 of the draft Operating Budget).

d

Financial – 2024 Operating Budget

Other changes to the draft budget are as follows:

Administration Expenditures - Wages

This budget line now includes a revised total wage cost in respect of the pay award made following the CAO's performance review.

Note: as presented to Council in the RCM of January 8, the 2024 budgeted payroll values for Administration include pay increases awarded to Town employees based only on merit awards, these being the outcome of the staff performance evaluations conducted in November & December 2023.

The overall effect of all the merit awards made amounts to a 3.48% increase in budgeted payroll costs for all permanent Town employees across all departments (excluding the CAO).

FCSS Expenditures - Insurance

This budget line now includes a cost of \$950.00 for the FCSS building insurance (this item was inadvertently missed as part of the Suncorp property evaluations and is now corrected).

(iv) Consideration

The budget as presented is not balanced.

Administration proposes that the surplus amount of \$37752.71 be transferred to Contingency Reserves (8-12-760-01) thereby increasing the contingency reserve fund from \$205,004.23 to \$242,756.94.

(vi) Suggested Motion Motion by Councillor and that the surplus amount of \$37752.	_ that Council adopts the 2024 Operating Budget as presente 71 be transferred to the Contingency Reserve Fund.
(vii) Alternative Motion Motion by Councillor	_ that Council directs Administration to

Prepared by: Arno Glover	Approved By: CAO
Report Type: RFD	Attachment(s):

Agenda item 9.b Capital Budget

(i) Legislative Responsibility

Section 245 of the Municipal Government Act states that each municipality "each council must adopt a capital budget for each calendar year <u>by January 1 of that calendar year</u>".

Administration to date has <u>not</u> submitted to Council a Capital Budget for 2024 (this is currently a Work in Progress task).

(ii) Request

Administration requests that Council pass a motion to adopt an interim capital budget to allow preparations to commence with regard to the following infrastructure projects:

- a) Walking Trail (Phases 2a and 2b) submit calls for tender,
- b) Sewer Pipe Camera Work submit calls for tender,
- c) Arena Roof contract for roof assessment and repair planning.

Without the motion Administration:

- · cannot commit any resource to a capital project,
- risks not finding suitable schedules for work to be completed by external contractors

(iii) Suggested Motion

Motion by Councillor _____ that Council adopts a 2024 Interim Capital Budget based on the 2023 Capital Budget for the projects listed in a) to c) of this RFD until such time as the 2024 Capital Budget is passed by Council.

Request for Letter of Support Town of Olds Alberta Community Partnership Application

It is with appreciation that the Town of Olds Council members express our gratitude for your support in regard to the captioned Alberta Community Partnership Application.

Recap of intention: the Town is undertaking a condition assessment and feasibility study of the Olds Sportsplex (Phase 1). This effort, which should be concluded by March 2024, will provide an engineering report on the current state of the building and its machinery; an opinion on its suitability for the current and future recreation needs of Olds and area; a high-level cost to achieve ~30 more years of life from the building; and an opinion on whether the Town should invest in this building or seek to build a new facility. The consultants are relying and expanding on the Mountain View Regional Parks, Recreation and Culture Master Plan from 2021 to inform the needs assessment portion.

Regardless of the outcome of Phase 1, we are certain that a significant capital project will be required, probably within 7-10 years; starting to plan now is imperative for the Town of Olds. We have requested support from other municipal neighbours and respect all feedback.

The Town will be the managing partner. No financial cost is being asked of for this study and this project will not proceed in 2024 should the grant application be unsuccessful.

Yours In Community,

Mayor Judy Dahl

CAO's Report

Special Council Meeting: February 20, 2024.	Agenda Item: 11.a
Prepared by: Rudy Friesen	Approved By: n/a
Report Type: Information	Attachment(s):

1 Mountain View Regional Water Commission Drought Committee

Members of Council and Administration attended a drought committee meeting February 5th, hosted by Mountain View Regional Water Services Commission. As a result of dry conditions in the province, Alberta Environment and Protected Areas Minister Rebecca Schulz has called on all water users, including municipalities, to consider water saving initiatives in the event that drought conditions persist. Once the Commission develops some water saving strategies, Bowden will work to incorporate those into our water bylaw this spring.

2 Provincial Drought Committee

As part of Minister Schulz's initiative, she has called on WaterSmart to develop a drought strategy for the province. A component of this strategy involves gathering major water licence holders in the province to develop water sharing agreements in the event shortages occur. WaterSmart invited me to the first of these water sharing meetings. It was held February 9th in Calgary. I will provide a verbal update on any relevant details as a result of the session.

3 Regional Emergency Management Agency

The newly formed Regional Emergency Management Agency was officially signed into force at a meeting February 14th at Red Deer County. Bowden has previously been a part of this regional agency, along with Red Deer County, Delburne, Elnora, Innisfail and Penhold. The City of Red Deer has now been included. This will add to the resource and expertise of our region in the event of emergency situations. The signing of the agreement was followed by the new Agency's first emergency management meeting that afternoon. Bowden was selected as Agency Chair for the first year of operations.

4 Annexation Open House

The annexation of County property to the North of the current Bowden limit is progressing well, with no particular obstacles to date. An Open House is scheduled to take place Thursday, March 14th, at 7:00 pm at Paterson Community Hall.

5 Asset Management Cohort

Arno Glover and I attended the final cohort workshop of the provincial asset management cohort February 6th in Edmonton. The Asset Management program was sponsored by FCM, led provincially by AB Muni's and RMA, and the program details were delivered by professionals from Urban Systems. The asset management program has become a requirement of provincial and federal governments in order to maintain capital funding. The final workshop focussed on the risk assessment component of asset management. We learned how to articulate risk as a component of asset management, as well as working to complete our first high level risk assessment. We were also introduced to the process of integrating risk management into our decision-making process.

6 Red Deer County Fire Search and Rescue Awards

At Red Deer County's recent awards celebration, Firefighter of the Year for Bowden Station 7 was awarded to Jason Sahli. Congratulations to Jason for this significant achievement.
